

REFRIGERANT HOLDING CHARGE
569J
AIR COOLED CONDENSING UNITS
6 TO 20 NOMINAL TONS

Refrigerant Holding Charge Notification

NOTE: Read the entire installation instruction manual before starting installation for the units listed in this notification.

The data in this supplement details the Puron[®] (R-410A) refrigerant holding charge (shipping charge) for 569J Air Cooled Condensing Units produced on or after 04/01/2015. This notification supersedes the Shipping Charge data listed in the Physical Data tables found in the current documentation for these units.
